Mr. Patrick Crowe, Vice President

Pat
Dear Mr. Crowe,

On behalf of our residents and taxpayers, I would like to thank you for the work you and Chrisantha Construction performed on the Town of Erwin's new Highway Garage.

Not only did Chrisantha complete the project in the expected timeframe and within the budget established by the bid, but your attention and participation added immeasurable value to the job.

Your value engineering saved the Town money; your willingness to take a lead role among the contractors helped avoid problems and delays; and most of all, through your insight and experience, enhancements to the project were identified and provided at an affordable price.

The result is a facility the Town is proud of, and will serve our needs for at least the next two decades.

Thank you for your time and dedication to the project.

Sincerely,
Rita Y. McCarthy
