To Whom It May Concern:

I am pleased to write a letter of recommendation for Chrisantha Construction Corporation.

I am on the board of directors of the Boys & Girls Club of Geneva, and was one of the leaders of the team that oversaw the Club's project to design and build the Geneva Community Center. Chrisantha was the construction manager and general contractor for the project, which was done under a guaranteed maximum price contract of \$3,750,000.00. The property being developed was 14.5 acres in the Town of Geneva, Ontario County, New York, and it included a 24,000 square foot building, containing a gymnasium, a black box theatre, a kitchen and snack bar, two lounges, a large game room, a computer center and recording and art studios. The grounds were extensively developed with walking trails, a state-of-the-art storm-water management system, and an athletic field.

Chrissantha helped with design and redesign as the project progressed, and did an outstanding job at all phases of the project, supervising subcontractors and its own forces, and dealing with neighbors and the requirements of the Town and City of Geneva. The project was completed on time and within budget, and gets rave reviews from all who see it. Chrisantha's project manager, Patrick Crowe, took pride in the project and worked hard under often challenging circumstances to give us a wonderful result. I highly recommend this company and the team that worked for us.

Feel free to contact me if you would like to discuss this further.

Sincerely,

Mark A. Venuti
