Mr. Kevin Bragg
Chrisanntha Construction Corporation
P.O. Box 165
Gorham, N.Y. 14461

Dear Mr. Kevin Bragg,

It is with great honor that I extend this letter of recommendation to any company that intends on using Chrisanntha Construction Cooperation for its services. Chrisanntha Construction Cooperation is an extremely competent company, and has always done exceptional work for us.

Global Phoenix Computer has two major construction projects since 2004, with the first building built in 2004, and the expansion building built in 2007. For both projects, Chrisanntha Construction Cooperation worked as our general contractor. We were very impressed with your professionalism and reliability. Whenever we have any questions or concerns, they were all addressed promptly and satisfactorily. Your staff is knowledgeable, responsible, and always completes his work in a timely and professional manner.

The subcontractors that Chrisanntha Construction Cooperation hired for our two projects were also great to work with. They were very devoted to our projects, and showed extremely high quality of performance.

We are very pleased with our new office and warehouse building, and appreciate all the effort and hard working from you and your staff. We are also very confident to say that Chrisanntha Construction Cooperation will remain as our selected construction company for our future projects. Thank you very much.

Yours truly,

Kevin Kong

CEO & Vice President
Global Phoenix Computer T&S, Inc.
