To whom it may concern:

I am very happy to recommend Chrisanntha Construction to you. The process of choosing a builder and completing a construction project can be daunting and intimidating, but not once did we regret our decision to go with Chrisanntha. They met and exceeded every expectation we had.

Specifically, we found their communication with us to be regular, thorough, and completely honest. Their building professionals brought excellent ideas and creative solutions to all facets of the design/build process. They were sensitive to our budget constraints, responsive to our suggestions and questions, flexible when we needed to make changes, and an absolute joy to work with. Our building was completed on-time, on-budget, and with beautiful workmanship -- I don't think we could have asked for anything more than that.

I believe Kevin and his team will serve you very well. I recommend them to you enthusiastically, and believe that you will be just as happy with the process and the end product as we are.

Sincerely,
